### The T.E.A.C.H. Program:

- Creates a three-way partnership between the scholar, their employer, and the T.E.A.C.H. Early Childhood® Scholarship Program, with all three contributing to tuition costs and other expenses.

# Frequently Asked Questions

Early Learning Program Directors/Owners

## **Can my program afford to sponsor staff (or volunteers) with a T.E.A.C.H. scholarship?**

Chances are, yes. The important question is whether you can afford NOT to sponsor your staff. Turnover rates in the early learning profession are between 30-40% nationally. For T.E.A.C.H. Florida scholars, the turnover rate is less than 7%. As many directors know, staff retention efforts can be expensive and time consuming. The costs can range from several hundred dollars per employee to as high as 1.5 times an employee's annual salary.

With the majority of our T.E.A.C.H. scholarship models, scholars make a commitment to stay at their early learning program or in the ECE field following completion of their T.E.A.C.H. contract. This means sponsors have an instant return on their investments in staff. In fact, most scholars that pursue their educational goals remain with their program well beyond their commitment period.

## **What does my program get in return for providing a raise or bonus upon completion of a T.E.A.C.H. contract?**

You have early educators who are furthering their professional development, expanding their skill sets, and applying effective instructional strategies in their classrooms. This is good for your program, great for your students, and even better for the families you serve. It's a win for everyone!

Please contact us if you have any questions about participating in the T.E.A.C.H. Early Childhood® Scholarship Program. We would love to connect you with another T.E.A.C.H. sponsor or director who can share their successes and tips with you.

# Frequently Asked Questions

Early Learning Program Directors/Owners

## Why does T.E.A.C.H. require the sponsoring program to provide 3 hours of paid release time?

When early educators have dedicated and guaranteed time for their studies, they are more successful in fulfilling their contracts with T.E.A.C.H. and meeting their professional goals within your program. Sponsors can schedule release time so that it is flexible for scholars and their program's needs.

T.E.A.C.H. provides a paid release time reimbursement to the sponsoring program. This reimbursement is equal to Florida minimum wage plus \$2.00 per hour. Scholars working in the classroom 30+ hours are eligible to receive 3 hours of paid release time per week from their employer while enrolled in classes (up to 48 hours per semester). This means money is coming back to you and your program as you help your staff!

## What are some ways my program can provide paid release time to staff with a T.E.A.C.H. scholarship?

- Offer release time during children's rest time so scholars can study or use the center's computer for school work.
- Pay scholars for holidays that they would not normally be paid.
- Allow scholars to accumulate release time, then provide a whole or half day off. This option will also give scholars dedicated time to complete assignments or prep for exams.
- Hire a substitute teacher to cover your T.E.A.C.H. scholars. This option works best for programs that sponsor several teachers.
- Pay scholars for their lunch breaks.
- Schedule release time when classroom ratios are low; for example, early in the morning or late in the afternoon.

In many cases, T.E.A.C.H. pays you! Scan below to view our Sponsor Resources and examples of how it all works.
