

Early Learning Quality Initiatives Ambassador Program

Our objective is to establish a network of early childhood professionals who serve as representatives of the Children's Forum Workforce Initiatives programs in their local areas. Our T.E.A.C.H. and INCENTIVE\$ Ambassadors help increase community outreach and maximize the impact of these early learning quality initiatives.

The Children's Forum Outreach Team will provide Ambassadors with:

- ▶ Training, information, and program materials for the T.E.A.C.H. and INCENTIVE\$ Programs (*as requested*).
- ▶ An Ambassador Toolkit with resources from T.E.A.C.H. Early Childhood® Scholarship, Early Childhood Educator INCENTIVE\$, and all other Children's Forum programs.
- ▶ Updates regarding changes and additions to scholarship models, award or education levels, and other important T.E.A.C.H., INCENTIVE\$, and Children's Forum information.

As an Ambassador, you can assist your local community as you:

- ▶ Explain the benefits of these quality initiatives, answer general questions, and provide overviews for current and potential program participants.
- ▶ Represent the programs at local conferences and provider meetings (*voluntary basis*).

Ambassadors are asked to provide monthly reports detailing their T.E.A.C.H. and INCENTIVE\$ outreach efforts in their communities.
